

The East Central Intergovernmental Association and Regional Transit Authority 8 (RTA 8), a transit agency serving Dubuque, Delaware, and Jackson counties, seeks a part-time mechanic/automotive technician (20 to 25 hours per week) to conduct preventive and routine bus maintenance. The RTA owns 20 light-duty buses and 10 vans.

Bus Maintenance includes but is not limited to oil changes, brake repairs, tire replacement and rotations, vehicle wheelchair lift repairs, vehicle light replacements, repair and service of gasoline engines, and HVAC systems repairs.

The RTA garages are equipped with a hoist/lift. Mechanic/automotive technician must provide their own hand tools.

At least 1 year of experience in bus and automotive equipment maintenance, or at least 1 year in technical school, and a High School Diploma or its equivalent are required. Additionally, a clean driving record and possession of, or the ability to obtain, a Class C Commercial Driver's License with a passenger endorsement is required. This position requires passing the Drug and Alcohol test for the Iowa Department of Transportation (IADOT).
